After the most recent work was done on his property, he was notified by the Post Office that his mail can no longer be delivered because of the work the City did on the drainage issue. After some discussion it was noted that the Lee Street property was agenda item number one under old business, and would be discussed further at that time. **Old Business:**

1. Updated report concerning street, parking, and drainage issues on Lee Street.

After a lengthy discussion of the issues on Lee Street, it was determined that we need to see if this is in the City right of way. The City Attorney, Mike McRae said that his advice was to let the folks at the Post Office come out and look at the property, and figure out what needs to be done to fix the problem so that mail can be delivered. He stated that they could either make a motion to 1. fix the problem or 2. If you want to know the exact cost determine that, talk to the Post office and bring this back to the next meeting. After further discussion, it was determined that a motion was not needed, but to make sure the minutes reflect that it was agreed upon that the problem needs to be fixed. First we need to determine the exact cost of the project and what needs to be done and make sure that the Post Office is

involved and are ok with the plan. The findings need to be brought back to Mr. Osborne, have him look at it, and then vote at the next meeting.

2. Another update concerning the Land and Water Conservation Fund grant in the City Park  
City Administrator Bill Osborne stated they are at the point where the City will have to sign an affidavit that said the land will be kept as recreation and the DNR person will have a couple of final questions for Hughes Ray. **Councilmember Ransom stated that we need to get with the Finance Director, Sarah Hefty, when it comes back and to double check and make sure something wasn't paid out of the general fund and make sure the money goes back where it should.** No action taken.

3. Report provided to the Georgia Department of Transportation on the City of Temple's 2017 Local Maintenance and Improvement Grant program.  
Public Works Director Dwayne Eberhart reported that the streets chosen for the 2017 LMIG project are Sage Street to Montgomery Street for paving and striping at a cost of approximately \$32,766 and Rocking D to Villa Rosa at a cost of approximately \$4370 for paving and striping.

4. Staff reports on the Request for Proposals being prepared for a rate study and for a fiscal and operations audit of the City of Temple's water and sewer system.  
City Administrator Bill Osborne stated that he is encouraged by the conversations he has had with the **Georgia Rural Community Assistance Project and the North Carolina Environmental Finance Center.** He hopes to have more information to report in the next few days.

5. Staff report on the list of approved vendors/contractors for the City of Temple's, and current activities to update this list.  
City Clerk, Kristin Etheredge, reported that three of the five vendors on the list have been in contact with her to update their information so that they can remain on the vendor list. This month we plan to give a list of all vendors that we have on file to the Department Directors so that they can let us know which vendors that they are using and an updated list of vendors can be created. We will make sure that all vendors will provide us with the necessary documents on an annual basis so that they remain in compliance and stay on the vendor list.

\*At this point in the meeting, Councilmember Ransom motions to move item #12 in New Business to item #6 in Old Business. The motion dies for lack of a second.

#### **New Business:**

1. Select the Mayor Pro Tem for the City of Temple for 2017.  
Councilmember Ransom nominated William Simmons for Mayor Pro Tem; she stated she was looking for someone who wasn't up for reelection and that knows the history of the City. Councilmember Simmons declined the nomination and stated he would like to nominate Richard Bracknell. Mayor Harmon asked if there were any other nominations, there were not. Councilmember Simmons made a motion for Councilmember Bracknell to be Mayor Pro Tem, second by Councilmember Walden. Vote 4-1, Ransom opposed.

2. Adopt a resolution to set and publish the qualifying fees for the office of Mayor and City Council Member for the City of Temple general election to be held on November 7, 2017.

City Attorney Mike McRae stated that everyone has a copy of the resolution and in the interest of time, it was not necessary to read it. No action taken.

3. Select a company to be responsible for Field Maintenance Services in the City Park in calendar 2017. City Administrator Bill Osborne said there were two bids submitted for this project. They have not had a chance to check the references yet for Peach State; he and Joe Wilson will get back to the elected officials on this item. No action taken.

4. Staff report concerning a possible community event in April in the City Park. City Administrator Bill Osborne reported that Scott McGuire is interested in having an event this spring. He stated that the Recreation Department Director, Joe Wilson, had concerns that not knowing what vendors are being charged, this might affect Founder's Day in the Fall. Mr. Osborne stated that the events are five months apart and he doesn't believe it will make a difference. No action taken.

5. Report on the City of Temple's current Employee Handbook, as well as information from the City of Rockmart concerning its Personnel Policies and Procedures Ordinance. The elected officials were given a copy of the City of Rockmart's handbook. After a brief discussion, the City Attorney suggested you repeal the current handbook and do a new handbook. He recommended to have a work session on this because it will be substantial. Mr. Osborne asked that they review the Rockmart handbook and there will be more discussion on this in the future.

6. Adopt a resolution providing for a change in the salary classification ranges for each rank for the City of Temple Police Department's certified police officer classification by increasing the hourly rate of pay by \$2.00 and providing for a \$2.00 per hour increase for each current certified police officer, to be effective with the start of the next pay period on Monday, January 23. Councilmember Ransom expressed concerns about this not following the City Charter. She wanted to know how many employees are outside of their pay plan and questioned if that had been checked before getting the Mayor to approve this. She stated the \$2 increase was approved in the budget, however, a pay plan has to be done by ordinance and the City administrator is authorized to do that in the Charter. It is something that should be checked on a yearly basis, or as needed. She requested to see where positions are and where they fit in the pay scale, to make sure no one has gone over. City Attorney Mike McRae stated that normally changes in job classifications and pay have to be done by ordinance and you have to see where all employees are. Mayor Harmon stated that more work needs to be done on this before proceeding. No action taken.

7. Adopt a resolution providing for a change in the salary classification for the position of Administrative Assistant/ Records Clerk with the annual salary of the current employee to be enacted with the start of the next pay period on Monday, January 23. Mayor Harmon stated that more work needs to be done on this before proceeding. No action taken.

Consider authorizing the City of Temple Police Department to use an 80' x 80' area in the lower parking lot at City Hall as an impound lot, with Confiscated Assets Funds (Drug Funds) paying for the site preparation costs and with some materials being moved from the existing impound lot on Johnson Street.

There was a brief discussion of the condition of the current impound lot and how the new impound lot on City Hall property would be used and maintained. After a lengthy discussion, City Attorney Mike McRae stated the situation is more complicated than he realized and he is hearing two different versions of the situation. His concern is whether the Mayor and Council can make this decision and he asked that this be deferred to the next meeting. He stated that he will get information not just from the City Administrator, but from everyone. Councilmember Rothwell withdrew his motion so that it can be brought back up at any time and the Attorney will get back with the elected officials with his opinion so that a decision can be made.

11. Adopt a resolution directing the City Administrator later in the new fiscal year to prepare and present to the City Council a plan for an employee Pay and Classification Study to be undertaken for the City of Temple, including the possibility of participating in such a study with the City of Villa Rica.

City Administrator Osborne stated the Council approved for them to proceed with this project. Public Works Director Dwayne Eberhart felt like he had flexibility and spent more than what was budgeted for the project. The contractor was paid an additional \$2,000 on December 22nd, which was above the original \$7,950 contract. The builder is still owed \$1,000. After much discussion, the City Attorney stated that the work has already been done, and the builder has already been paid. He stated we need to ratify the contract to the \$11,000 total.
