Opening Comments:

Randy Williams- I think we already see some errors; I am glad that we can discuss this.

William Osborne stated that about a month ago we had a meeting and went through a draft of the proposed zoning map and we asked the council and planning commission to look at it and see what you perceive to be errors in it. This meeting is to get new input for the revised zoning map. After we are done discussing the zoning map, we will discuss the future land use map. If you are comfortable with the zoning map, we would ask that you consider making a recommendation to the mayor and council at the October 2nd council meeting; we want to make sure we have an accurate zoning map.

Howard Ray presented the new maps for review. Questions about the updated map were answered and there was a lengthy discussion regarding further changes that needed to be made. City Administrator Bill Osborne reiterated that if they are not comfortable with the map, they could come together again next week for a meeting. It was determined that there would be a follow up meeting on Wednesday, September 27th at 5:30PM at City Hall.

Adjournment: There was a motion by Councilmember Bracknell to adjourn, second by Councilmember Walden. Vote 4-0. The meeting adjourned at 7:28PM.
